- ideal for the boat classics of "RIVA"

technical data

coating	multilayered composite	
support material	polyamide jersey	
weight	780 g / m ²	EN ISO - 2286-2
width	140 cm	
thickness	1,0 - 1,2 mm	ISO 5084
roll length	20 m roll	ISO 5084
elasticity	>35% / >55%	
tear resistance	>440 N/5 cm >280 N/5 cm	EN ISO - 1421
extra tear resistance	>25 N / >15 N	EN ISO 13937/1
abrasion resistance	>120 000	EN ISO 12947-2
crinkle	400 000	EN ISO 7854
use temperature	-20° C / +70° C	
mildew resistance	grade 0, excellent	EN ISO 846-A
flammability	class K1	DIN 53438/ T2
guarantee	5 years	

width: 140 cm
weight: 780 gr / m²
